

Downloading and accessing the Show My Homework app on iOS and Android Devices

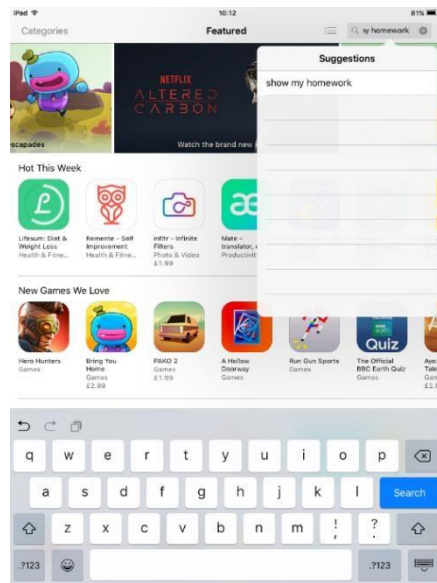

The following guide will instruct you through downloading and accessing the Show My Homework app for both Apple (iOS) and Android devices.

Apple (iOS)

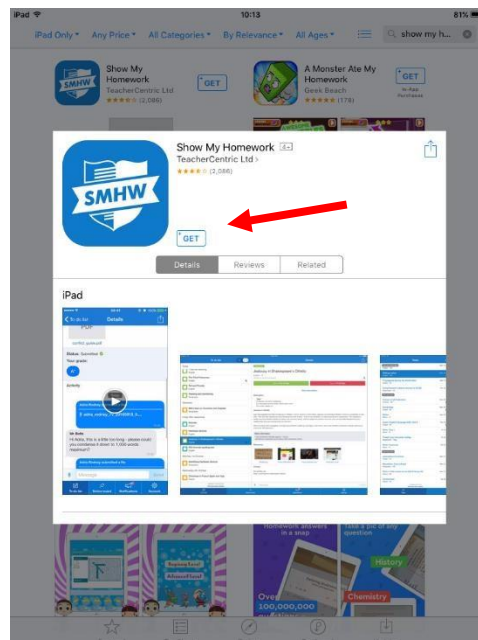

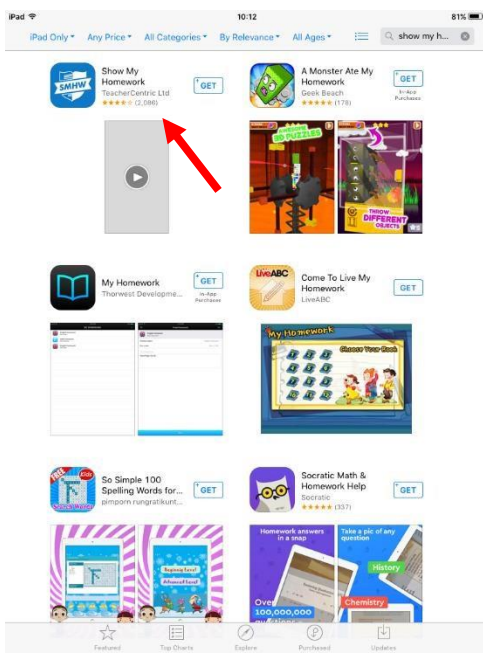

1. Open the App Store on your Device.

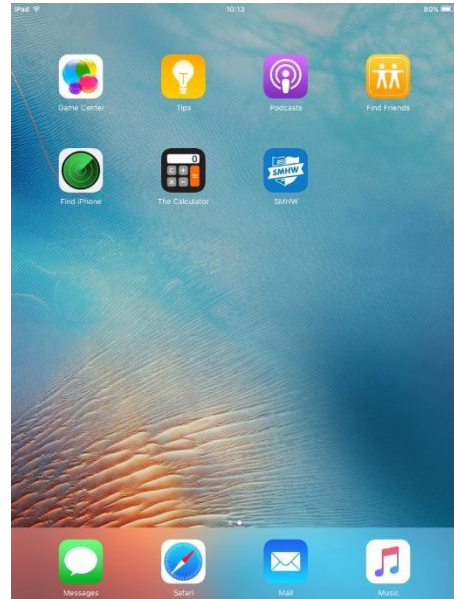

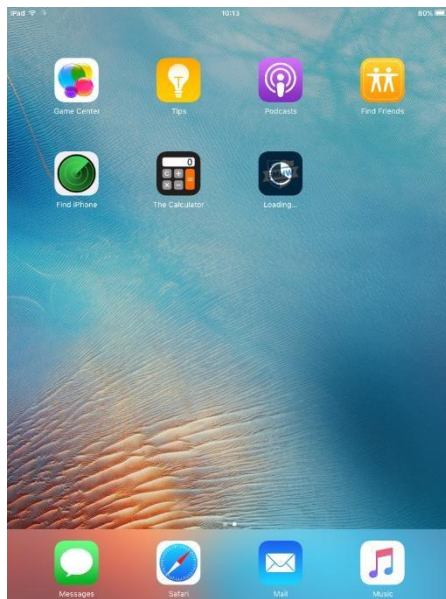

2. Type "Show My Homework" into the search bar on the top right of the app store.

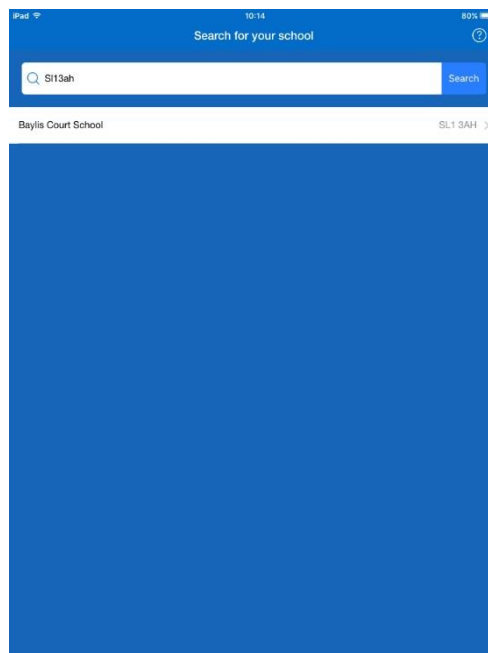

3. Select the 'Show My Homework' app by TeacherCentric Ltd. Then select, 'Get', then 'Install' on the app.

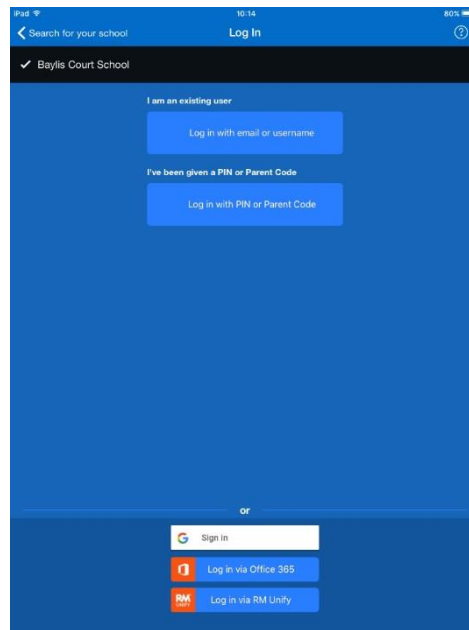

4. The app should now start installing on your Home screen. It will initially be greyed out with loading underneath as it installs. Once the app is listed on the screen properly you should be able to access it.

5. Upon opening the app you will be asked to search for your school, simply type in either Reading Girls' School or RG27PY and the option for Reading Girls' School should appear.

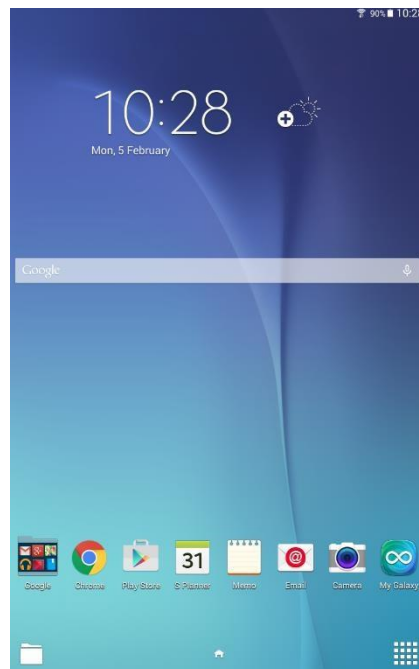

6. From the school screen select 'Log in with Office 365' and log in with your school email address and password. You will then be able to access your account from the app.

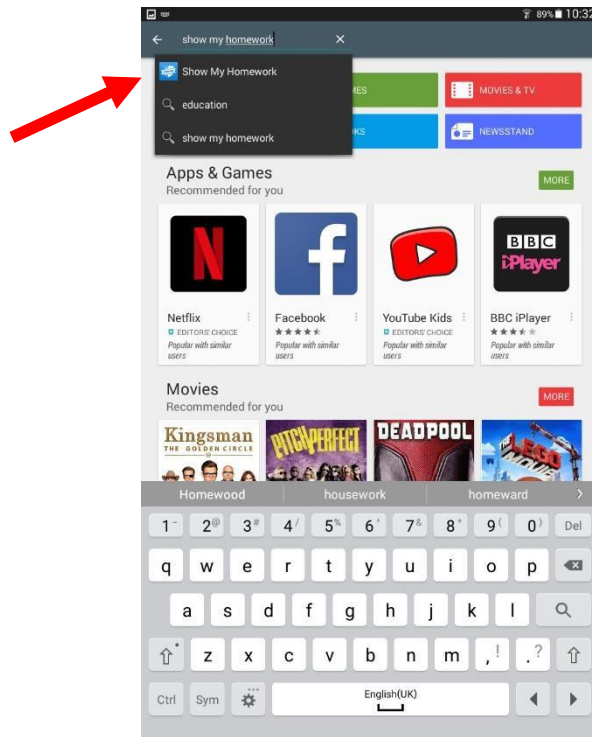

Android Devices

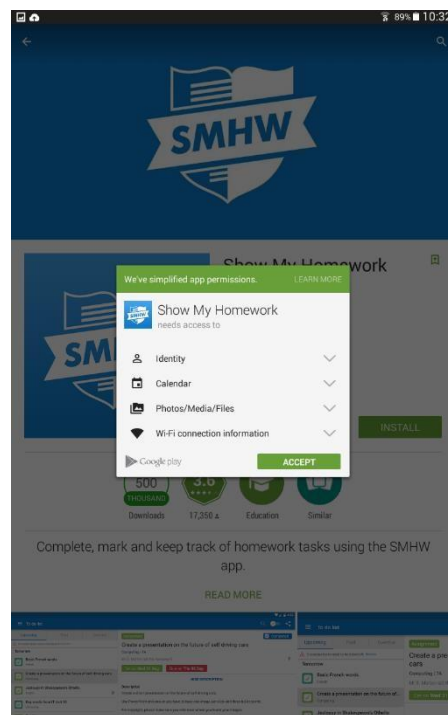

1. Open the Google Play store on your device.

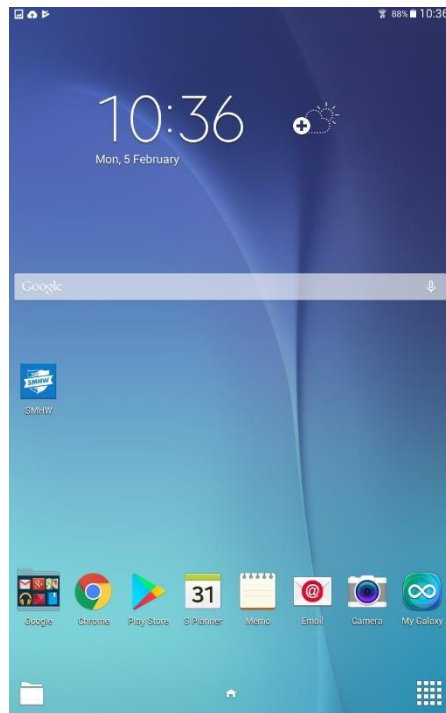

2. Search for 'Show My Homework' in the search bar at the top of the Play Store. Selecting the Show My Homework app when it appears in the search menu

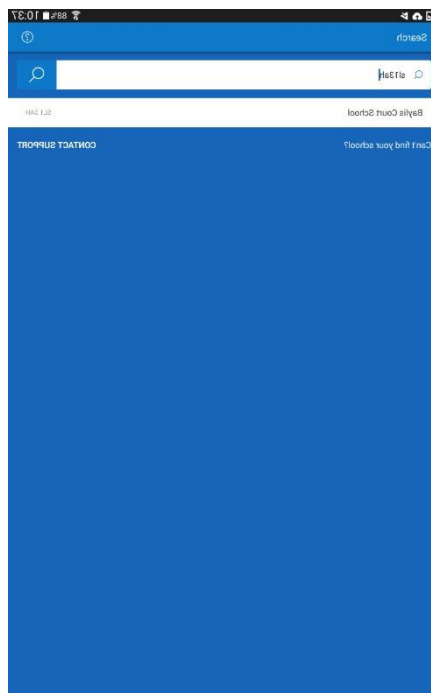

3. Press the install button for the Show My Homework app, click accept on the app permissions pop up to start the install.

4. The SMHW app will then install to your home screen, press the SMHW tile to open the app.

5. Once you open the app you will be prompted to search for your school. Type in either 'Reading Girls' School' or RG2 7PY and the option for Reading Girls' School should appear. Press this to proceed.

7. From the school screen select 'Log in with Office 365' and log in with your school email address and password. You will then be able to access your account from the app.
