**Date approved: September 2019**

**Date for revision: September 2020**

**Approved by: Jon Gargan (Principal)**

**Key Principles** Reading Girls' School is committed to working to ensure that traditional high standards of respect and behaviour are promoted to celebrate and develop the unique talents of the whole learning community. We aim to provide a broad, challenging and inclusive education for life, in a secure and happy environment where all members of the community feel valued and respected and where effective teaching and learning can take place.

Our motto, "Succeeding Together" embodies our belief that partnership, perseverance, self-discipline and determination will enable of our students to succeed at the school and beyond.

### **Key Requirements/Legal Duties**

This policy responds to the requirements of the Education Act, 2011, the Education and Inspections Act, 2006. This includes the requirement that all schools must have a behaviour policy which must be available to all parents and prospective parents.

The school acknowledges its legal duties under the Equality Act, 2010 and in respect of students with SEN.

### **Introduction**

This policy aims to provide staff and parents/carers with clearly understood guidelines and strategies to promote positive behaviour and to support students in taking responsibility for their behaviour choices. We do however recognise the need for a degree of flexibility when faced with behavioural diversity in the classroom and accept that a 'one size fits all' approach will not be sufficient.

Good behaviour systems are apparent when all staff are consistent in their management of students and work well together to support each other. This policy promotes an approach that as well as describing some absolute rules and guidelines, also allows for the different styles that teachers will use in the classroom along with recognising the complexity of the situations they have to handle.

The policy also recognises the diversity of behaviour management styles used by teachers and the differences of behaviour challenges that can be presented by students. *It is important though that every incident of unacceptable behaviour is addressed and resolved by the member of staff who saw and engaged with it. **Behaviour is never somebody else's responsibility.***

### **Objectives**

The key objectives of this policy are:

- To have the highest expectations of student behaviour in order to ensure that all students make outstanding progress and achieve their full potential.
- To create an atmosphere where achievement is respected and valued by all.
- To establish good working relationships and encourage mutual respect amongst all members of the school.
- To work with parents and students to encourage good behaviour and to establish good patterns of behaviour where there are difficulties.
- To ensure rewards and sanctions are fairly apportioned according to the behaviours demonstrated.
- To secure an environment where effective teaching and learning can take place.

### **Our Rights at Reading Girls' School**

We believe at Reading Girls' School that we all have rights. These can be summarised as:

- The right to learn
- The right to teach

- The right to feel safe (physically and emotionally)
- The right to respect and dignity.

### **Expectations of Students, Staff and Parents (Appendix 1)**

Our expectations are set out in our Home-School Agreement and this can be found in Appendix 1

### **Positive Reinforcement and Rewards**

The school recognises the power of making explicit the desired standards of behaviour and of positively reinforcing high standards of learning and cooperative behaviours. This has both an impact on teaching and has a motivational role in helping students to realise that good behaviour is valued.

As appropriate to the situation, these include:

- Verbal praise
- Written comment on work/ in book/ planner
- Achievement points
- Telephone call to parents
- Positive letter home
- Issuing of 'Praise Postcards'
- Certificate
- Display of work
- Mention in assembly
- Motivational reward/prize
- Special awards at Achievement Assemblies at the end of each term

By these means the School seeks to motivate students, create a positive learning environment, raise student self-esteem, provide systems which can be used by all staff and contribute to raising levels of achievement.

### **Uniform Expectations (Appendix 2)**

High standards of presentation are required at all times when wearing the school uniform. Whenever the school uniform is worn, it must be complete and not mixed with non-uniform clothing. This includes when travelling to and from school, at which times the uniform must be worn.

Positive behaviours are expected, including setting high standards in terms of appearance

Expectations on uniform and orderly conduct are reinforced in assemblies and lessons. The school reserves the right to send a student home with parental permission to correct uniform or isolate them until it is corrected.

The Principals decision on uniform is final.

### **LEARN Classroom Standards (Engagement for Learning) (Appendix 3)**

We expect all our students to be engaged in their learning in every lesson. During the lesson we follow the L.E.A.R.N classroom expectations:

*All students are expected to:*

**L**isten to the teacher and NOT talk when he/she is talking

**E**nter the room on time with correct equipment and ready to learn

**A**im to produce the highest quality of work at all times

**R**espect the rights of others by not disrupting their learning

**N**ot call out, raise your hand to get the attention of the teacher.

#### **How do we deal with students not meeting the L.E.A.R.N classroom expectations?**

Students failing to meet any of these expectations will be warned (C1). If they then continue to not meet any of the L.E.A.R.N expectations the student must be removed from the lesson by WAPA to seclusion for the rest of the lesson (C2).

It is '**one chance only**'

All C1 and C2 must be entered onto SIMS by 5.00pm on the day of the incident.

Students will then enter the L.E.A.R.N Classroom Sanction Phases as illustrated in Appendix 3

#### **Detentions**

Parents and carers should be advised that in line with changes resulting from the Education Act 2011, the school is no longer required to give 24 hours' notice of longer-length detentions. In exercising its right to take same-day action as required, the school will make every reasonable attempt to inform

parents by a variety of means including email, text or phone call. Ultimately, however, it is the student's responsibility not to misbehave, not the School's responsibility to make contact.

Parents are requested to check their child's student planner on a daily basis which is where the majority of detentions will be recorded.

#### **Exclusion (Appendix 4)**

While the school will take all reasonable steps to meet individual need and help individuals to improve, the school will not tolerate behaviours which do not show due regard for the well-being or learning of others, or where in spite of support and intervention there is minimal or no improvement.

In line with the school's exclusion policy, exclusions whether fixed-term or permanent may be used in response to any of the following, all of which are examples of unacceptable conduct and breach the Behaviour Policy:

- Threatened or actual violence towards staff and students
- Possession of an offensive weapon on the school site
- Drugs on the school site
- Persistent defiance of school authority or disruption of teaching and learning
- Persistent bullying, harassment or abuse
- Serious breaches of the school's Behaviour Policy
- Any circumstance where allowing the student to remain in school would seriously harm the education or welfare of the student or others in the school.

Also in line with the Exclusion Policy, the school will not tolerate persistent and defiant behaviours over time where sanctions and interventions have failed to bring about positive improvement. In these circumstances, a student's behaviour would be deemed to be seriously harming the education and welfare of the student or others in the school, thus placing the student at high risk of permanent exclusion.

#### **Freedom from Bullying and Intimidation (Please see Anti-Bullying Policy)**

The school recognises that for students to feel and be safe, they need to be supported and protected from the impact of bullying and intimidation. The school also acknowledges its duties and responsibilities under the Education and Inspections Act 2006, the Equality Act, 2010 and the Children Act, 1989. These place a duty on all schools to have measures in place to encourage good behaviour and prevent all forms of bullying amongst students.

In respect of anti-bullying, the school seeks to:

- Actively involve and inform parents
- Take any concerns seriously and resolve the issue in a way that protects the student
- Respond in line with a range of strategies including restorative justice while taking appropriate disciplinary sanctions
- Enable students to understand the part they can play to prevent bullying, including when they find themselves as bystanders
- Make it easy for students to report bullying with the confidence of being listened to and incidents acted on - this includes in and out of school concerns including cyber-bullying
- Update policy and practice including new technologies, for instance updating 'acceptable use' policies for computers
- Appropriate to student age, promote tolerance, understanding and challenge prejudice through pastoral programmes and tutor time

- Work with the wider community such as the police and Children’s Services where bullying is particularly serious or persistent and where a criminal offence may have been committed

### **Behaviour outside of the School**

Students who breach the school’s Behaviour Policy whilst on school business such as trips and journeys, sports fixtures or a work-experience placement will be dealt with in the same manner as if the incident had taken place at school.

For incidents that take place outside the school and not on school business, this policy will still have effect if there is a clear link between that behaviour and maintaining good behaviour among the student body as a whole. This includes behaviour in the immediate vicinity of the school or on a journey to and from the school. Other relevant factors include whether the student is wearing school uniform or is in some other way identifiable as a student at the school and whether the behaviours could adversely affect the reputation of the school.

For acts of aggression or which threaten the health and safety of others, the school reserves the right to involve the police. Equally, if the school considers that the behaviour might be linked to a young person suffering, or likely to suffer significant harm, safeguarding procedures may be applied.

### **Banned Items on School Premises**

The following are not allowed on the school premises:

- Weapons of any kind (e.g. knives of any type, airguns, laser pens, etc.)
- Alcohol
- Cigarettes, cigarette paper, tobacco, matches and lighters
- Vapour cigarettes or Inhalators
- Chewing Gum
- Carbonated drinks (e.g. fizzy drinks, energy drinks)
- Illegal drugs
- Stolen items
- Fireworks
- Pornography
- Tippex

### **Gambling**

This is not allowed in school.

### **Drugs**

Disciplinary sanctions will be imposed on students involved in drug-related incidents on the school premises or during off-site school activities.

The school regards drugs-related matters as extremely serious and is determined to do all in its power to ensure that the school is a **‘drug-free zone’**.

Consequently, students **risk being permanently excluded** if they are involved in any drug-related incidents. See definition below.

#### **Definition 1: ‘Drug-related incidents’ include:**

- Being in possession of drugs, no matter how small the quantity
- Selling or passing of drugs to others
- Using drugs

- Being under the influence of drugs while on the school premises or while taking part in a school activity

## **Definition 2: Drugs means illegal drugs or controlled drugs**

### **Medication**

If it is necessary for a student to take medication during the school day, the parent should:

- Inform the child's PL and bring the labelled medication to school reception.
- The medication will be placed in lockable storage with the school First Aider.
- The student should report to reception where a First Aider will administer the medication under supervision.
- Students must never be in possession of a drug, prescribed or other, in school.

### **Prescribed drugs**

- The school regards the carrying, passing on or using of prescription drugs illegitimately as a very serious matter and this could lead to permanent exclusion.

### **Non-prescription drugs**

- Some drugs which are available 'over the counter' to the general public can be harmful if misused. Paracetamol and aspirin are examples. Students should not carry these into school. Any misuse of these drugs could lead to permanent exclusion.

### **Alcohol**

The school's definition of alcohol covers all liquids normally sold in an off-licence or public licensed premises, such as wine, spirits, beer, cider etc., which cannot legally be sold to anyone under the age of 18 years. Any student possessing or using alcohol, selling or passing on alcohol to others may be permanently excluded.

### **Solvents and other substances**

Solvents and a range of substances can be misused and consequently harmful. Although these may not be "illegal" or "prescribed", if the school has evidence that they are being misused in any way by a student which could lead to harm to herself or others then that student may be permanently excluded.

### **Screening, searching students and confiscation (Appendix 5)**

The school acknowledges its duties and responsibilities under the Education Acts, of 1996 and 2011, Education and Inspections Act, 2006 and Health and Safety at Work, 1974, in respect of screening, searching students and confiscation of banned items.

If a member of staff believes a student has a banned item, and if the student consents, the member of staff may search the student's clothing, pockets, bag(s) and locker. If a student does not consent, the Principal has the power to search the student's clothing, pockets, bag(s) or locker without consent for any banned item we believe could cause harm. This process will be governed by internal procedures and will only be undertaken by designated staff, with the permission of the Principal.

Staff must not 'pat down' or physically restrain students while searching. They must ask students to turn out pockets and can search bags and lockers. If the staff believe an illegal or banned item is being concealed on the student's body, then the police must be called to carry out the search.

School staff can seize any prohibited item found as a result of a search. They can also seize any item, however found, which they consider harmful or detrimental to school discipline.

### **The use of reasonable force**

The school acknowledges its duties and responsibilities under the 2006 Education and Inspections Act, in which all school staff members have the legal power to use reasonable force to prevent

students committing a criminal offence, injuring themselves or others, or damaging property and to maintain good order amongst students.

It should be noted that staff cannot be directed or required to intervene but will be supported where reasonable force is deemed appropriate. This process is one which requires appropriate training.

### **Malicious accusations against school staff**

The school recognises that there may be occasions when a student needs to raise issues about the actions of a member of staff and has procedures for dealing with concerns.

However, where the allegation is clearly one of malicious intent or fabrication, school will give due regard to the most appropriate disciplinary sanction, which may include fixed-term or permanent exclusion, as well as referral to the police if there are grounds for believing a criminal offence may have been committed.

The school will also take seriously inappropriate use of technologies including mobile devices and social networking sites which are targeted at members of staff.

### **Mobile devices and electronic equipment**

The school is aware that many parents will want their children to carry a mobile phone with them on their way to and from school, for use in case of an emergency. We do not, however, allow the use of mobile devices or electronic equipment anywhere on the school site for the following reasons:

- To prevent disruption to learning
- The safeguarding of students
- The health and safety of the whole school community

If such items are brought to the school, students do so at their own risk. The school will not waste valuable time and resources investigating lost or stolen equipment, and cannot take responsibility for such items, including those confiscated by the school.

Mobile devices should not be used or seen on the school site. If they are, they will be confiscated and will only be returned at the end of the school day. Further offences will see the device confiscated until a parent/carer attends to collect it.

In the event of parents needing to contact a student in an emergency, they should telephone the school reception.

The Education Act 2011 does allow a designated a member of staff to legitimately search through a phone or access text messages without the student's permission, if there is good reason (such as safeguarding or cyberbullying concerns). In some circumstances it may be reasonable for a member of staff to reveal a message for the purpose of establishing whether cyber-bullying etc has occurred, and staff may erase data if they think there is good reason to do so. If staff believe an offence has taken place, they must confiscate the phone and inform the police.

### **Active involvement of Parents/Careers**

The school believes strongly in the power of working in close co-operation with parents/carers and of the rights and desirability of parents being actively involved in the education of their child. The school will therefore seek to involve parents/carers actively on behaviour issues.

Approaches will include:

- Telephone calls
- Meetings
- Letters
- Supporting students on reports

- Home-School Agreement
- Request to attend reintegration meetings
- Student Planners which allow for two-way communication
- Invitations to agency meetings
- Follow-up and routine communication
- Parents/carers are welcome to approach the school for informal or formal discussions about their child's education.

**Monitoring, Evaluation and Review**

Relevant staff will monitor the implementation and effectiveness of this policy, will review it annually and submit a report to the Governing Body. The policy will be promoted and implemented throughout the school.

## L.E.A.R.N. Classroom Standards (Engagement for Learning - EFL) (Appendix 3)

We expect all our students to be engaged in their learning in every lesson. During the lesson we follow the L.E.A.R.N classroom expectations:

*All students are expected to:*

**L**isten to the teacher and NOT talk when he/she is talking

**E**nter the room on time with correct equipment and ready to learn

**A**im to produce the highest quality of work at all times

**R**espect the rights of others by not disrupting their learning

**N**ot call out, raise your hand to get the attention of the teacher.

### How do we deal with students not meeting the L.E.A.R.N classroom expectations?

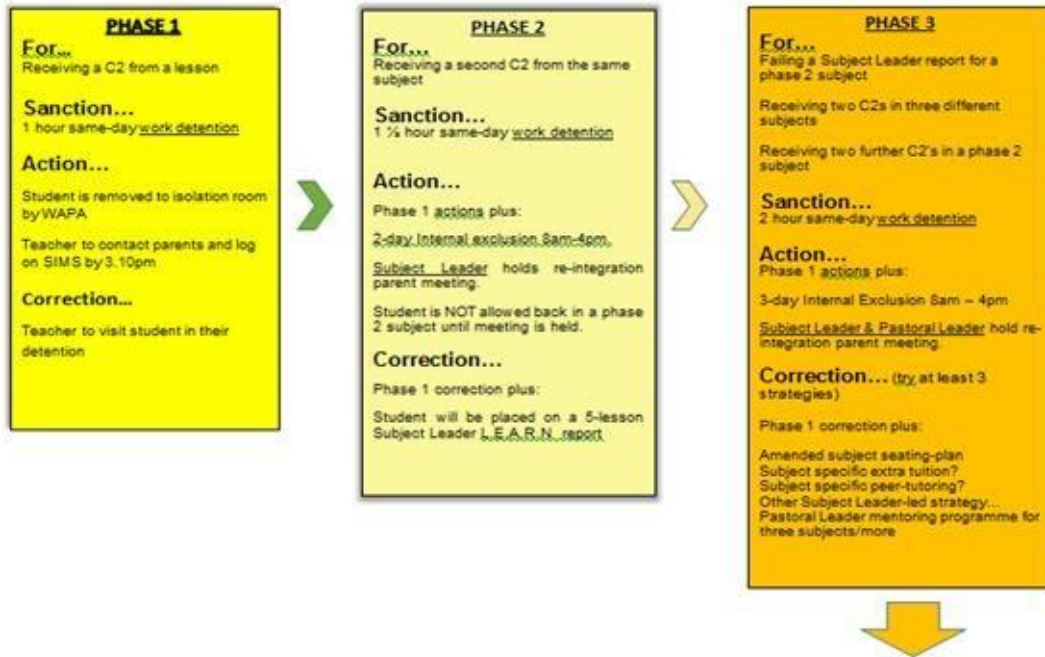

Students failing to meet any of these expectations will be warned (C1). If they then continue to not meet any of the L.E.A.R.N expectations the student must be removed from the lesson by WAPA to seclusion for the rest of the lesson (C2).

It is **'one chance only'**

All C1 and C2 must be entered onto SIMS by 5.00pm on the day of the incident.

Students will then enter the L.E.A.R.N Classroom Sanction Phases as illustrated below:

## L.E.A.R.N CLASSROOM ESCALATION PHASES

## L.E.A.R.N CLASSROOM ESCALATION PHASES

Once a student has entered the L.E.A.R.N Classroom Sanction Phases they will not be removed. The L.E.A.R.N classroom expectations are focussed on empowering teachers to provide a classroom

environment where learning can thrive. No student has a right to disrupt their learning or that of their peers.

**Exclusion Procedures (Appendix 4)** Please use in line with Exclusions Policy

Exclusions whether fixed-term or permanent may be issued whereby inappropriate pupil conduct is deemed to be more serious than that which is ordinarily addressed by our classroom standards policy.

### Exclusion phases

Our policy of exclusion phases is based on a principle of frequency of inappropriate behaviour rather than the nature of the behaviour. Ordinarily, each time a pupil is excluded, there will be an increment in duration. However, in some cases, a pupil may skip a phase where warranted and in extreme cases, be issued with a permanent exclusion.

<i>Phase 1</i>	<i>x2 days FTE</i>
<i>Phase 2</i>	<i>x3 days FTE</i>
<i>Phase 3</i>	<i>x4 days FTE</i>
<i>Phase 4</i>	<i>x5 dyas FTE</i>

### Permanent Exclusion

The decision to exclude students permanently is always a serious one which will only be taken: a) In response to a serious breach of the School's Behaviour and Reward Policy

b) If allowing the student to remain at the School would seriously harm the education or welfare of the student or others in the School and welfare of staff.

In line with the exclusion guidance, the second is in the exceptional set of circumstances where, in the Principal's judgement, it is appropriate to permanently exclude a student for a first or 'one off' offence, regardless of previous disciplinary history.

These circumstances may include:

- Serious actual or threatened violence against another student or a member of staff
- Inappropriate use of Social Media
- Sexual abuse or assault
- Supplying or misuse of an illegal substance
- Carrying an offensive weapon
- Arson

This list is not exhaustive but serves as an illustration of the severity of the offence. There may be other situations where the Principal judges that permanent exclusion is an appropriate sanction given the extreme nature of the incident.

**Offensive weapons are defined in the Prevention of Crime Act 1953 as “any article made or adapted for causing injury to the person; or intended by the person having it with him for such use by him”. In order to protect the safety of the community, the School’s usual practice is to permanently exclude in respect to offensive weapon and knife crime.**

Where the School considers a criminal offence may have taken place, it reserves the right to inform the Police and other agencies – Social Services or the Youth Offending Team – as appropriate.

### Making a decision to exclude

Before deciding whether to exclude a student, the Principal will:

- Ensure that an appropriate investigation has been carried out
- Consider all the evidence available to support the allegations

- Allow the student to give her version of events
- Look at the particular circumstances of each case.

The Principal has to be satisfied on the balance of probabilities that the student was responsible for the behaviour in question.

In considering whether permanent exclusion is the most appropriate sanction, the Principal will consider:

- a) The gravity of the incident, or series of incidents, and whether it constitutes a serious breach of the School's Behaviour and Reward Policy.
- b) The effect that the student remaining in the School would have on the education and welfare of other members of our school community.

In line with its statutory duty, these same two tests of appropriateness will form the basis of the deliberations by the Exclusion Panel when they meet to consider the Principal's decision to exclude.

The sub-committee will require the Principal to explain the reasons for the decision and will look at appropriate evidence such as the student's school record, witness statements and the strategies used by the school to support the student prior to exclusion.

### **Screening, searching students and Confiscation (Appendix 5)**

Any member of school staff can search a student for any item if the student agrees. The Principal and staff authorised by them have a statutory power to search pupils or their possessions, without consent, where they have reasonable grounds for suspecting that the student may have a prohibited item.

The Principal and authorised staff can also search for any item banned by the school rules which has been identified in the rules as an item which may be searched for.

- The 'extent' of any search that can be carried out by a member of staff includes outer clothing, possessions, desks and lockers:
- The person conducting the search may not require the student to remove any clothing other than outer clothing.
- 'Outer clothing' means clothing that is not worn next to the skin or immediately over a garment that is being worn as underwear, but 'outer clothing' does include hats, shoes, boots, gloves and scarves.
- 'Possessions' means any goods over which the student has or appears to have control – this includes desks, lockers and bags.

The power to search with or without consent enables a personal search, involving removal of outer clothing and searching of pockets; but not an intimate search going further, which only a person with more extensive powers (e.g. a police officer) can carry out.

### **Searching with consent**

Under schools' common law powers to search (The Education Act 2011), any member of staff can search a student with their consent for any item. If a member of staff suspects a pupil has a prohibited or banned item in his/her possession, they should:

1. Ask the student to turn out their pockets, their bag(s) and/or their locker.
2. If the member of staff chooses to search the student's possessions themselves (i.e. beyond asking the student to show items in their possession) then they must do this in the presence of another member of staff.

3. If a student refuses to consent to the search the member of staff can apply an appropriate sanction as set out in the school's behaviour policy.
4. If any banned items are found, then the member of staff should refer to the 'Confiscation' section of this procedure and apply an appropriate sanction as set out in the school's Behaviour policy.
5. If any prohibited items are found then the member of staff should inform the appropriate Pastoral Leader immediately so that they may respond as set out in the 'Confiscation' section of this policy and the school's conduct policy.
6. Staff involved should write up an account of any search made and forward to the appropriate Pastoral Leader for use in response and then recording on SIMS

### **Searching without the cooperation of the student**

If a member of staff has reasonable grounds to suspect that a student has a prohibited item, the Principal can authorise designated staff to carry out the following:

1. Inform the Principal or delegated Senior Leader of the intent to carry out a search without consent.
2. If the suspecting member of staff is not the same gender as the student being searched, arrange for an authorised member of staff that is the same gender as the student to lead it.
3. If required and where practicable, move the student and their possessions to a location that is suitable for carrying out the search.
4. In the presence of the student and witness carry out the search of outer clothing, possessions and, if required, desk and locker.
5. If any banned items are found, then the members of staff should refer to the 'Confiscation' section of this policy and apply an appropriate sanction as set out in the school's behaviour policy.
6. If any prohibited items are found, then the members of staff should inform the appropriate Pastoral Leader immediately so that they may respond as set out in the 'Confiscation' section of this policy and the school's conduct policy.
7. Staff must not physical restraint or touch a student during a search. They may only empty pockets, search bags and lockers.
8. Staff involved should write up an account of any search made and forward to the appropriate Pastoral Leader and record on SIMS.

### **Confiscation Guidance**

School staff can seize any prohibited item found as a result of a search. They can also seize any item, however found, which they consider harmful or detrimental to school discipline.

### **Procedure for Banned Items**

If any items banned by the Behaviour Policy are found as a result of a search the member of staff will be required to confiscate them immediately using the following procedure: **1st confiscation of Items**

1. Take the item(s) to the appropriate Key Stage Pastoral Office for safe storage, or store it in a locked/safe area and take it to a Pastoral Leaders' Office at the earliest opportunity, clearly communicating to the Pastoral Leader the name of the student.
2. The student may then collect the item(s) from the Pastoral Leader's' Office at the end of the school day.

### **2nd and subsequent confiscation of Item(s)**

1. Take the item(s) to the appropriate Key Stage Pastoral Office for safe storage, or store it in a locked/safe area and take it to a Pastoral Leaders' Office at the earliest opportunity, clearly communicating to the Pastoral Leader the name of the students.
2. The Pastoral Leader will then place the item(s) into safe storage near to main reception and contact the student's parents.

3. Parents/carers will be asked to collect the item(s) from the Reception at their earliest convenience. Any items not collected by the end of Friday each week will be available for collection by the student.

### **Prohibited Items**

If any prohibited items are found as a result of a search, members of staff will be required to confiscate them immediately and take the item(s) to the appropriate Key Stage Pastoral Office or office of the Assistant Principal (Pastoral) where they will be dealt with lawfully through the following procedure:

1. Where a person conducting a search finds alcohol, once this is confirmed it must be disposed of.
2. Where controlled drugs are found (or if the substance is suspected to be controlled), these must be given to the police. They are to be placed in a sealed bag with all relevant details recorded, then stored in the school safe until a time that they can be taken to the local police station.
3. Where other substances are found which are not believed to be controlled drugs but where a teacher believes them to be harmful or detrimental to good order, these can be confiscated.
4. Where stolen items are found, these must be delivered to the police, unless there is a good reason not to do so – in which case the stolen item should be returned to the owner. These stolen items may be retained or disposed of if returning them to their owner is not practicable.
5. Any weapons or items which are evidence of an offence must be passed to the police as soon as possible.
6. All other prohibited items are to be disposed of appropriately so as not to allow others access to or use of the items.

It is the decision of the Senior Leadership Team to decide as to whether there is a 'good reason' not to deliver stolen items to the police. In determining what a 'good reason' is, the member of staff should take into account all relevant circumstances and use their professional judgement to determine whether they can safely dispose of a seized article.

With regard to stolen items, it would not be reasonable or desirable to involve the police in dealing with low value items such as pencil cases. However, school staff may judge it appropriate to contact the police if the items are valuable (e.g. mobile devices/laptops) or illegal (e.g. alcohol/fireworks).

Schools can dispose of alcohol and cigarettes as they think appropriate but this does not include returning it to the pupil.

### **Informing parents and dealing with complaints**

Schools are not required to inform parents before a search takes place or to seek their consent to search their child.

- There is no legal requirement to make or keep a record of a search but it is Reading Girls' School's policy to keep such a record.
- Reading Girls' School will inform the individual pupil's parents or guardians where prohibited items are found, though there is no legal requirement to do so. Complaints about screening or searching should be dealt with through the normal school complaints procedure.
